

Agile Management

A Partnership with ThreeBridge

ThreeBridge understands creating a successful Agile environment requires more than a plan, but also partnerships to provide the best training and talent to enable the environment to move faster.

Many organizations benefit from being an agile enterprise...

Forbes asked Fortune 500 executives to name *one thing* their organizations need to succeed. An overwhelming number of them said the same thing: **move faster.**

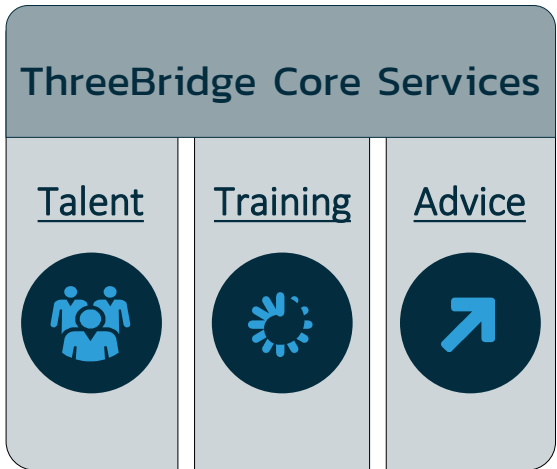

Forbes 2012- Race to Success: Speed and Agility Are Keys to Winning the Future

Before launching an Agile transformation, ThreeBridge recommends:

- 1 Understanding the Landscape**
Identify gaps between the current state of the organization and the future state
- 2 Gaining Stakeholder Alignment**
Engage senior leadership and executive sponsors to support the future transformation
- 3 Partnering for Success**
Partner with a trusted advisor to plan, train and support the strategic execution of Agile

... with increased revenues and higher profits, more companies are listing Agile as a new business requirement ...

ThreeBridge partners with clients to solve their evolving business needs. Our consultants provide innovative training, professional talent and practical advice.

...despite the best intentions many Agile programs fail without the proper transformational programs
